

ECONOMY AND SAFETY TIMER

VM153EU

You drive of to work, holiday.. or wherever and you wonder...

- Did I turn off my heating?
- Did I turn off my coffee machine?
- Did I power down my work table?
- Did I turn off my soldering station?
- Did I turn off my oven?
- Did I turn off my water boiler?
- Did I unplug my battery charger?
- Did I turn off a thousand things to wonder

With this very simple to use timer, the wondering is over!

1- Set your turn-off time using a rotary switch

1- 15 min	5- 4 hours
2- 30 min	6- 8 hours
3- 1 hour	7- 16 hours
4- 2 hours	8- Random *

2- Press button to start or stop the timer.

A blinking LED will indicate that the timer is running...

No complicated programming required!

* The timer also includes a random on/off option to scare burglars. Connect a simple light source during your absence.
